Our hospital offers comprehensive healthcare services to meet the diverse needs of our patients. Located at abc road, Ernakulam, Kochi, Thiruvankulam, Kerala 682000, we welcome visitors from 9:00 AM to 8:00 PM daily. With a total of 300 beds, we provide comfortable accommodation options, including private and semi-private rooms, ensuring a restful stay for our patients. Additionally, our facility is equipped with modern amenities such as free Wi-Fi, TV, and meal services for the convenience and comfort of our patients and visitors.

We specialize in various medical fields, including cardiology, oncology, and pediatrics, offering a wide range of diagnostic tests such as X-rays, MRI scans, and laboratory tests. Appointments can be scheduled through our website or by calling our appointment line at 9087654321. For those

needing to reschedule, our appointment line remains available for assistance. We also offer telemedicine consultations, providing flexibility and convenience for remote healthcare needs.

We understand the importance of financial considerations in healthcare and accept a broad range of insurance providers. Our billing department is available to provide detailed cost estimates for procedures or treatments. Payment options include credit/debit cards, checks, and online payments to accommodate various preferences.

In the event of a medical emergency, our fully-equipped emergency department operates 24/7, ensuring immediate and efficient care. For emergency assistance, please call our dedicated hotline at 1234567890. Our patient care team is committed to delivering compassionate and high-quality care, with nurses and doctors available for assistance through our patient care line at 2415784909.

Access to medical records and treatment plans is facilitated through our patient portal, offering transparency and ease of communication. We value feedback from our patients and encourage them to share their experiences through our online feedback form available on our website. Our patient support team is always ready to assist with any concerns or inquiries, reachable at 1273946382. For complaints, our patient relations department is dedicated to resolving issues promptly and can be contacted at 1234578909.

We offer a wide range of specialized medical services to meet our patients' diverse needs. Our hospital is equipped with advanced technologies, including robotic-assisted surgery and state-of-the-art imaging equipment, to enhance patient care and provide minimally invasive treatment options. Our cancer care services encompass chemotherapy, radiation therapy, immunotherapy, and targeted therapy, all tailored to each patient's unique needs. Additionally, we have a dedicated sleep disorder clinic for the diagnosis and treatment of sleep disorders such as sleep apnea, insomnia, and narcolepsy. For patients struggling with obesity, we offer bariatric surgery options like gastric bypass, gastric sleeve, and gastric banding, supported by our multidisciplinary team providing comprehensive pre- and post-operative care. In maternity and newborn care, we provide prenatal classes, comprehensive maternity care, and a state-of-the-art neonatal intensive care unit (NICU) for premature and critically ill newborns. Our rehabilitation services include physical therapy, occupational therapy, speech therapy, and cardiac rehabilitation, all aimed at helping patients regain mobility, improve daily living skills, and enhance their quality of life. Mental health services at our hospital encompass psychiatric evaluation, diagnosis, treatment, counseling, medication management, and support groups, tailored to meet each patient's mental health needs. Our on-site pharmacy offers a wide range of medications and prescription services, with

pharmacists available for medication counseling and consultations. Nutrition and dietary services are provided by our registered dietitians, offering personalized nutrition counseling, meal planning, and special dietary options for patients with specific medical conditions or dietary restrictions. We embrace technology and innovation with a mobile app for scheduling appointments, accessing medical records, and communicating with healthcare teams. Our facilities are wheelchair-accessible, with sign language interpreters available for patients who are deaf or hard of hearing, and various accommodations to ensure accessibility for patients with disabilities. We offer wellness screenings, fitness programs, and preventive care services to help patients maintain their health and well-being. After hospitalization, we provide home health care services, a comprehensive discharge planning process, and follow-up care options, including outpatient appointments and specialist referrals, to support patients' recovery and ongoing care.
